DEEDS BEING SIGNED FOR RIGHTS-OF-WAYS

Local Committee Has Signed Up Many Property Owners on Route of Schellville-Santa Rosa Road.

The State Highway Commission has forwarded to Supervisor Lowell a second lot of deeds to be signed up by Sonoma Valley property owners on the route of the Schellville-Santa Rosa highway, work on the construction of which begins the coming week.

A local committee headed by F. M. Burris, W. L. Murphy and Notary Publics W. W. Carter and Frank Sprague has been active and has secured many deeds between Warfield and Boyes Springs.

A majority of property owners willingly gave the small piece of land required, realizing the great benefits which will result from early construction of this highway through Sonoma Valley.

Where compensation is deemed proper the deeds will be placed in escrow and the matter adjudicated by the committee of which Messrs. Burris, Hall and Hill are members.

Supervisor Lowell has advised the highway commission of the splendid progress being made on rights-of-way deeds and has asked for more blanks and the maps of remaining units of the road. The commission is co-operating and securing all necessary data including the width of Broadway south of the city limits from which point the highway will extend to Schellville.

Property owners are urged to sign requests for deeds promptly so that Supervisor Lowell can advise the division engineer as soon as possible that Sonoma Valley is all ready for work to proceed.

The highway construction crew has established headquarters at the Kenwood Hotel and it is promised that the new highway work will be put through without interruption as soon as started.

NEW PACKING HOUSE FOR VINEBURG

Williams Company to be Located Near Sonoma Valley Apple Growers at Busy Fruit Center.

The coming packing season at Vineburg promises to be a busy one. Louis Martin has leased his property opposite the N. W. P. depot and a spacious up-to-date packing house will be erected on the site. The contract has already been awarded to Enrico Forni the well known contractor of Vineburg and the building will be started at once.

The C. B. Williams Company, prominent shippers of California, will establish their purchasing business there and will be represented by William E. Helberg, one of Sonoma Valley's rising young fruit experts.

Jack Murray recovered from his recent illness at a S. F. hospital has returned to his home here and it is said will be a candidate for sheriff of Sonoma County.

The Tanforan family of Boyes Springs may take a trip East this summer.

Mr. Corcoran is a hotel man, a business man and above all a booster for home industry, patronage and greater prosperity.

Mr. Corcoan with the very able assistance of Mrs. Corcoran as hostess, is conducting the Agua Caliente Springs Hotel in a manner deserving of much praise. The fundamental idea he carries out is service; service backed by courtesy, a friendly prevailing atmosphere and a very superior dining room. In conjunction with the hotel is a natural hot mineral water swimming tank, the largest of its kind in California, where Nature's cures are aided by an experienced messeur.

Mr. Corcoran is also president of the Valley of the Moon Chamber of Commerce, a boosting organization that is ever increasing in membership. Mr. Corcoran has the following to say:

"Primarily we are in need of good roads. There should be a speeding up of the work between Ignacio and Schellville and a quicker signing of the deeds that will allow the completion of the prospective highway between Schellville and Santa Rosa, thus enabling the motoring public to fully enjoy the Valley of the Moon. Sonoma is prospering, but should be forging ahead even faster when one considers its natural advantages and its comparative nearness to the bay region. We need highways, good roads. The Chamber of Commerce is meeting with success but there are still many who should join. Any successful body must have co-operation and when we have that fully concentrated effort I am firmly convinced that Sonoma Valley will more than fulfill our greatest expectations."

MAX KAPLAN GOES TO SAN QUENTIN

Fraudulent Business Deal Brings a Sentence of Five Years in the Penitentiary.

Max Kaplan was sentenced by Judge Seawell to not more than five years in San Quentin.

His brother, Harry Kaplan, was granted probation, sentence being suspended for five years. Probation was denied Max Kaplan's case.

The brothers were brought into court at the same time, Max Kaplan from the county jail, whede he had been confined since his bondsmen surrendered him, while Harry Kaplan has been on bail at his brother's home with the latter's wife and two children.

Max Kaplan, in response to questions by the court, stated he was born in Russia and came to this country with his parents at the age of 13 and resided in Newark, N. J., for 13 years. He came to San Francisco six years ago and engaged in business, but owing to his wife's ill health moved to Sonoma one and one-half years ago and went into business with an $ 000 stock and $2000 cash.

The first six months proved highly successful but with the tearing up of the city streets for paving, business dropped off. Then after a time he sent for his brother Harry who came out the last of October and with M. Stein made an attempt to help out the business by peddling goods but this proved unprofitable. Then, Kaplan declared Stein suggested the storing of goods to be used in a new business after going through bankruptcy and secured places and aided in putting away the goods.

After the bankruptcy proceedings were filed, Kaplan said he rented the store at Napa and with his brother started to take the there from Novato and Boyes Springs, where they had been stored. It was while engaged in this work that he was arrested and the goods recovered.

On Tuesday Kaplan was taken to San Quentin by Deputy Sheriff Dickson and started to serve his sentence.

SONOMA HIGH WINS OVER 15 COUNTIES

For the first time in the history of the California Interscholastic Federation, Sonoma Valley High School has won a section championship in athletics. In Berkeley, last Saturday, Hyde and Prestwood carried away the laurels in tennis doubles. The North Coast Section, over which they triumphed consists of 15 counties around the bay and on the north coast. It includes the schools of San Francisco, Alameda and Santa Clara counties.

The four schools represented which had won their way in the finals of their own leagues were Berkeley High San Jose, San Mateo and Sonoma Valley.

In the singles contest Hyde in the semi-finals eliminated San Mateo by the score of 7-5, 6-0. He was playing badly in the first set but soon recovered.

In the final singles, Hyde was beaten by the present Pacific Coast junior champion, young Chandler. However Hyde put up a magnificent fight in the second set and lead Chandler seven games to six at one time. Chandler finally took the set, 9-6.

It was in the doubles that Sonoma Valley proved unbeatable. In the semi-finals Hyde and Prestwood elim-

The El Verano school base ball team was defeated at Santa Rosa last Friday, the score being 17 to 7. A large crowd witnessed the game.

L. Hoen and F. Valentine, son of a former Wells Fargo official was here over the week end from Sacramento visiting on the former Lewis ranch.

Elmer Owens, Beau Brummel of Boyes Springs, motored over Saturday evening, renewing old acquaintances and taking in the grand opening at Rossi's Villa.

Mr. and Mrs. Fred Jensen and son accompanied by Mr. and Mrs. George Anderson were enjoying their beautiful summer home over the week end from San Francisco.

Wm. Wyatt Jr. has returned from Redondo Beach, where he has been employed and will remain for the summer months. His many friends are glad to welcome him home.

The ice cream and soft drinks department have been opened up for the summer season at Mullen's Emporium, El Verano, and is now ready to serve their many patrons and the public during the summer months. Ice cold root beer, which was so popular with the thirsty ones last summer, will be the specialty.

Gene Hunt and wife and Miss E. Weaver motored over from Sacramento Saturday visting at the A. W. Weaver home. Gene has got a whiskerino most beautiful to behold.

Paul Vannucchi, well known San Francisco greyhound enthusiast and owner of the great international racing hound Badly Blended, is at his summer resort for a several days visit.

A. Neveaumont of San Francisco is here, registered at the El Verano Villa. He was the first to open a summer resort in the Sonoma Valley many years ago and is still hale and hearty.

Buck Holly, middleweight boxer, accompanied by L. Parente, left this week for Los Angeles in quest of matches. Holly has cleaned them all around the bay cities and expects to get on in the southern city.

Two boys from the feeble minded home escaped Tuesday morning and were apprehended at Boyes Springs by Joe Danieli and Pete Andrews. They were hardboiled and after a tussle were overpowered. Deputy Sheriff Joe Ryan was notified and landed the runaways back in the institution.

P. H. McCarthy, two-time mayor of San Francisco, and today considered one of the greatest politicians in the state, was here over Sunday accompanied by his wife and family. It is thought by the wise ones that P. H. will again come out for one of the big offices of the state. He has a summer home at Sonoma Vista.

The facial decoration of some of our whiskerino kids is a scream. Some of our old pioneers are sprouting a beard that will make them take notice when they hit Sacramento for the 49 celebration. Archie McKiver is well satisfied with the growth of the whiskers of the club members whom he will take up to Sacramento to compete for the big prize.

Deputy Sheriff Joe Ryan Monday night at Boyes Springs captured three girl inmates from the feeble minded home who had escaped. The clever deputy sheriff asked the girls to ride in his gas machine, and they readily accepted the invitation, and without ceremony were taken back to the institution. The girls were disappointed in their joy ride.

The weed killer, composed for an engine and several oil cars, ran over the Santa Rosa branch of the S. P. last Saturday. Within 24 hours after the poisonous chemical was put along the track, the grass was killed. Signs were put out warning people to keep their stock off the right of way, as the grass was very poisonous and would kill in a short time if grazed on.

The grand opening of the Rossi Villa under the management of Al Rossi last Saturday evening was a grand success. Dancing was enjoyed, featured by fine dance music and entertainment. A supper was served at 12 o'clock to the guests by the genial young proprietor, and all present enjoyed a good time. Mr. Rossi will continue these dances during the summer months.

George Clancy, chief cop at the Union Iron Works, San Francisco, was here Saturday. George, with his light suit and panama hat made a hit throughout the valley. Many of the natives thought he was an aspirant for sheriff of Sonoma County as he pulled into town in his large touring car. Mr. Clancy has been on the San Francisco police force for 30 years and when pensioned will make his home in the Valley of the Moon.

Charles McDevitt, who has been at Sonoma from Summit, passed through here Tuesday morning enroute to Berkeley. Charley has got a decoration on his chin which makes him look like a Hebrew actor and will represent the frozen Summit in the whiskers contest at Sacramento. His chin ornament is the best that has appeared in town, and we congratulate Sonoma's ex-trustee on his new whiskerinos, which will be heard of n Sacramento.

The new schedule of the N. W. P. train service, which is one of the big boosts for Sonoma Valley, was received here with joy. Now that the N. W. P. has started the ball rolling, for service, it is about time for the S. P. officials to wake up and put on the four train service as before over the Santa Rosa branch. As long as the railroad company is going to run their trains as the S. P. has during the last year, the traveling public will refuse to patronize them. What we want is service, and the S. P. should put these trains on, especially during the summer season to accommodate the tourists that flock to Sonoma Valley to enjoy the vacation months.

EDITORS MEET TO BOOST RICHARDSON

Thirty-five editors, claiming to express the sentiments of a total of 175 scattered throughout the state, met recently at the Manx Hotel in San Francisco to start an active campaign for Friend W. Richardson for governor. Organization was effected by the election of J. E. Olmstead of the Petaluma Argus as president; W F. Mixon, Woodland Mail, secretary, and Sherman McDowell, Alameda Times-Star, treasurer of what is known as the Richardson for Governor Newspapermen's Committee.

An executive committee was appointed consisting of these three with the additional names of W. S. Blake of the Gilroy Advocate; F. B. Mackinder of the St. Helena Star; M. F. Cochrane of the San Rafael Independent and Robt. W. Walker of the Vallejo Times.

While there were but 35 editors present at the meeting, Olmstead stated that the assurances of 175 editors throughout the state that they were in sympathy with the move to make Richardson governor had been received. It is proposed to consolidate these editors into one organization and to supply them with the necessary material to make an active and effective campaign for Richardson.—San Francisco Examiner.

THE PEOPLE'S CANDIDATE FOR THE BENCH

IT IS refreshing in the midst of ordinary political grooming to come across a situation which revives faith in our fellows and their ideals. Witness the activity in behalf of Judge Emmett Seawell whom everyone that knows wants to see elevated to the State Supreme Bench. As a matter of fact, his preferment would elevate the bench of California and that is why Judge Seawell's friends are furthering his candidacy. To give such a man to the people is indeed a privilege of which this county of Sonoma of ours may well be proud. To bring him before the people and let the voters know what manner of man he is has fallen to a worthy and capable committee, personally conversant with every phase of Judge Seawell's unusual qualities. The campaign committee, however, will need the help of everybody if we are to be able to place this great jurist where he may serve on the high tribunal of the state. The humblest citizen can help to exalt and make firm the judiciary by broadcasting the message of the fine fitness of this judge for the supreme bench. Let the message go forth from friend to friend, from voter to voter, in spoken and written messages that Judge Emmet Seawell is to be elected, for now has citizenship an unusual opportunity to build up the bod ypolitic and our American commonwealth through the transfusion of real haracter into high office.

A RECOGNIZED AUTHORITY IS THIS FORESTER

THERE is a way, in spite of the most obdurate editors, to put over free publicity for your pet project. The State of California has such a "find" in Charles H. Shinn, who, with his typewritten appeal for co-operation in the worthy work of saving forests sends along a little sprig of pine whose plea and lurking aroma of forest and canyon cannot be scrapped as would mere paper. We knew Mr. Shinn was out-of-the-ordinary and now in a book review column of a contemporary publication we read of him in connection with his enthusiastic endorsement of a new California novel, The Everlasting Whisper, by Jackson Gregory of Auburn. Charles Shinn is held to be an authority on really good fiction of our state. Here is what the review says:

"There is in California a splendid veteran of the forests and mountains, known far and wide, yet known to all too few, as Charles H. Shinn of Northfork. Where forest rangers keep their lonely watches C. H. S. is known. Charles Shinn is not a character of fiction, although he has appeared in fictional dress in Stewart Edward Whites writings, but a very decidedly living newspaperman of wide experience and a State Forest Inspector. And Charles Shinn declares that he has found the greatest California novel in the story of The Everlasting Whisper by Jackson Gregory of Auburn. The dictum of a man who knows the woods and the world and books calls for our respectful attention. Undoubtedly Shinn's profound belief in the character building influence of the free rugged life in the great fresh Sierra spaces is the key to his admiration for The Everlasting Whisper. He has found in this book a satisfying expression of his abiding belief in the healing and constructive effect of life in our out-of doors wonderland."

No wonder Shinn's clip sheets are compelling and that he can give literary form and the color and essence of the forest to what otherwise would be ordinary propaganda. He has insight and recognizes the immense advantage of bringing the forest to the editorial desks if he cannot get the staff to the forest. Such a man can get co-operation and give a lot of impetus to conservation.

WOULD DRAW PEOPLE INTO WHIRLPOOL OF EXTRAVAGANCE

MUNICIPAL ownership has proven a success in some cities. particularly the smaller municipalities where public service was a misnomer for lack of the proper development or because of the antiquated amateur character of the private ownership which superseded it, but state ownership of hydro-electric projects which call for the expenditure of $500,000,000 is not to be thought of and should certainly be voted down by the people to whom the proposition is shortly to be submitted.

When California went into the business of building highways for the state everyone enthused and "fell' for the first bond issue, putting millions into the hands of politicians for expenditure. It was no time until more money was called for and the taxpayers "came through" again, still quite cheerfully until it suddenly dawned upon them that uncompleted roads between paved stretches meant something—something to bait them aong for another million and sure enough it happened. What did they get for their money spent by the political machine?—miles of disintegrating road testimonial to inefficiency and inexperience. It was a colossal piece of extravagance, a ghastly mistake, but infinitesimal if we stop to compare it to what could happen and would if the state went into the hydro-electric business. Politicians, plus power and water, would stir up a mess which would swamp the entire state from one end to the other and lash every taxpayer to the mast of extravagance until thrown upon the beach of blasted hope and disillusionment.

It is a well known fact that many big public service utilities are now battling to maintain their footing in the business world. Why, then, should the taxpayers be compelled to take their places, particularly when the people would be mere automatons in the hands of politicians, with no function but to "dig up" and put up for the inevitable deficit.

The Water and Power Act is no business for the people and they know it.

WILL GIVE $500 TO PLAZA WITH PROVISO

A substantial business man of Sonoma City has authorized the Index-Tribune to state that he will give $500 toward beautifying Sonoma's plaza and will head a subscription list with the above amount provided the city quiets title to the eight acre square which is and is not municipal property.

The recent controversy as to title and rights of the trustess when tthe Standard Oil Company sought to lease 75 feet of the square at a proposed rental of $100 per month, brought out the fact that the jurisdiction of the city over its park was more or less uncertain. Because of the heirs of General Vallejo, donor of the acreage, and threatened litigation from that source, the oil company terminated negotiations despite the fact that the people by over whelming vote decided in favor of the leasing proposition

The vote of the people showed pronounced sentiment favoring the improvement of the square and relieves Sonoma of the odium that we do not care for our plaza and do not think enough of our landmarks to improve them. However the city has no money for a park and if we are to have a park it is plainly a matter of securing funds through public subscription. This will be forthcoming says one enthusiast who is enthusiastic enough to mention $500 as his donation provided the city of Sonoma clears up the title to its eight acres.

It is proposed by the $500 donor that the City retain an aggressive attorney who will carry the question to the highest state court if necessary and determine the rights for all time to come of the trustees of the city of Sonoma.

AT WHITE SULPHUR SPRINGS OPENING

Last Sunday E. G. Perkins accompanied by "Mickey" Weiss and Willie Cohen motored to White Sulphur Springs for the opening, Mr. Perkins being amusement manager there for the 1922 summer season. A big crowd attended and Si Perkins' jazz made a decided hit. Cohen was the Beau Brummel of the floor and altogether the Valley of the Moon boys were "it" at the opening.

Coming home the motorists had four blow outs and were glad to limp into Hoyer's service station and get a tow home.

PREDICTS GREATER PROSPERITY FOR SONOMA

Some noted visitor to Sonoma last Saturday were Col. and Frank W. Marston and L. K. Hagenkamp of S F. Col. Marston who is a prominent clubman and capitalist of the metropolis, expressed astonishment at the modern improvements and the pretty homes in and about Sonoma. He predicted great prosperity and advancement in the next year and after looking over the new residence tract Monte Vista Park, declared he was going to return here in a couple of weeks and interest himself in the property.

Col. Marston is a competent judge of the trend of the times and his progressive spirit led him to build one of the first fine buildings on Kearney street S. F. after the fire. His prediction in regard to Sonoma carriers weight.

HIGH SCHOOL SHOW REVEALS MUCH TALENT

A belated review of the Sonoma Valley High School entertainment last week is due the talented young people who participated in the excellent program.

The high school orchestra is developing into a high class musical organization under the inspiring direction of Nick Wirtz, Sonoma's talented young violinist. The personnel of the orchestra is as follows:

Leader—Nick Wirtz, Jr.
First Violins—Ella Fox and Anna Noyes.
Clarinet—Roy Wirtz.
Pianist—Leona Fox.
Second Violins—George Reed, Harold Boyd, Pierre Rouque.
Saxophones—Gene Robin, Cecil Hunter.
Cello—Joe Kiser.
Drums—Cliff Erickson.

The orchestra played with volume and tempo the Rendez-Vous Intermezzo, Rococco of Aletter and the marches were exceptionally good. When the young musicians appreciate the finer phrasing of their compositions and play with more expression, the more classic numbers will be rendered with artistic success for there is evident talent of a high order among the musicians of our high school.

Dramatics at the school were brought out in three one act plays—Dancing Dolls, and Love Behind the Scenes being particularly clever. In the former Robert Poppe as Gilles revealed an unusual stage presence and made a handsome actor, as did Donald Prestwood, while the young ladies of the caste were most acceptable.

In Love Behind the Scenes, Spencer Merz was the star and with Anita Camp simulated a love scene most delightfully.

The third sketch, Murder Will Out, showed a police court scene with Roy Wirtz, Theodore Anthenian, Pierre Rouque and Irma Adler in the caste.

The Girls' Glee Club rendered the Spring Song, the Brook, Barcarolle from the Love Tales of Hoffman and Good Night very melodiously and had a splendid accompanist in Miss Anna Burt of the faculty.

The Boys' Glee Club made a pronounced hit and revealed excellent voices. The boys responded to a curtain call.

Mr. and Mrs. Silas Olin (Nancy Bates) sailed this week for Honolulu where they will spend the next three months. Mrs. Henry Bates went down to San Francisco Wednesday with the Olin's baby girl to see the travelers off. The baby will remain here in Sonoma during the absence of its parents.

Mr. and Mrs. F. W. Naden and E. T. Smalen a Ford representative of Fresno county, were vistiors at the Naden ranch, the former Griffith place near Vineburg this week. They motored up from Clovis.

Orchestra now formed. Dance every Friday night. Good time for all. —Madame Maerilla's studio.

SONOMA HIGH WINS TENNIS HONORS OF 15 COUNTIES

(Continued from Page One)

inated San Jose 8-6, 6-1.

Berkeley High eliminated San Mateo.

Sonoma High then played Berkeley High four hard fought sets. The score was 6-4, 6-4, 3-6, 9-7.

Herschel Hyde played from 9:30 in the morning until 4 p. m., with only 10 minute intervals between contests. Altogether he played 126 games.

The finals for the state championship will be played on May 27 and the Sonoma Valley High School team has a splendid chance of winning. The only problem will be the defraying of expenses to send the team to the place of contest, not yet determined.

The school at the present time does not see its way clear how to finance the team further but everybody loves a winning team and a way may be found.

Previous to the semi-final contests in Berkeley, the Sonoma lads had defeated the schools of four counties, including Sonoma, Marin, Napa and Solano.

Herschel Hyde has built himself up by four years of careful study of the game of tennis together with ceaseless practice. Judging by his contest with the Pacific Coast junior champion, there are not many players who can play with him. Donald Prestwood flashed to the front in the last two years only. His remarkable speed and fine eye fit in perfectly with Hyde's thoroughness, endurance and perfect knowledge of the game. Together they are an unbeatable team. Both are honor scholarship students.

SHERIFF JOHN BOYES SEEKS OFFICE ABLY FILLED

Sheriff John Boyes who assumed the reins of office after the turbulent tragedy coincident with the murder of former sheriff Petray and who has ably filled the job the past 18 months will seek the endorsement of voters in August that he may continue to guard the peace and dignity of the people of Sonoma County. Boyes is an experienced peace officer having been Chief of Police of Santa Rosa many years. He has an efficient staff of deputies including Deputy Sheriff Joe Ryan whose services he values highly.

VINEBURG NEWS

On Wednesday last Coops Brothers shipped the first cherries from this vicinity, four boxes of choice fruit, consigned to Jacobs, Malcolm & Burt of San Francisco. The young orchardists expect a fine crop.

Mrs. Kate Levy of Napa spent the week end with her mother, Mrs. P. Bosch and on Sunday evening was the guest of Miss May Batto.

Fred Batto was a visitor in the metropolis on Tuesday.

Charles Richards, Vineburg's artistic scenic and sign painter, has just completed a handsome sign for the firm of John Batto and Sons.

Allen Towle, an expert wireless operator has installed his sending and receiving outfit at the Bundshu home near Vineburg. He is successfully exchanging messages with his friends in the field and holds long conversations with his relatives in Portland, Ore. This is the first sending set we know of in this section.

On Thursday Nomina Gegerich and Callahan the wel known poultry men of the Hyde Tract, shipped 130 high grade breeding cockerels to Mr. Walker, a prominent poultry man in Santa Ana.

Howard Knight, mayor of Schellville was exchanging greetings with friends here on Thursday. His honor reports progress from that vincinity and the political situation normal but subject to change.

A number of jolly Vineburgers enjoyed a picnic at Mugwump Springs on Sunday last. Where is Mugwump Springs? Search me. But it is sure some place. On their return the happy bunch reported a swell time. The weather was nice and warm and the roads were splendid. The scenery was beautiful and the pure cold crystal spring water was delicious. Sure there's no kick about the water, it was fine.

AMERICAN LEGION BANQUET TONIGHT

All ex-service men are invited to the banquet. If they join the local post Saturday evening the dinner will be served to them the same as a regular member, but if they do not join the customary charge will be made.

Henry Weber, Jr., Otto Dresel, H. Heuer, H. Anselmi and W. Bosch are on the committee of arrangements.

OPENING OF PLAZA HOTEL WELL ATTENDED

Sonoma's new hotel, The Plaza, opened its doors to the public on last Saturday night and all who inspected the modern accommodations and partook of the excellent dinner were high in their praise of the enterprise of the builder, Sam Sebastiani, and the splendid management of Bianchi Bros.

The lobby and dining room were beautifully decorated in roses for the opening night and many guests sat down to the fine dinner served at 7:30 o'clock. Mr. Sebastiani was host to a large party of relatives and friends and there were many out-of-town guests present in addition to local people.

Guests came and went all evening inspecting the modern features of the hotel and expressing themselves as delighted that Sonoma city has such first class accommodations to offer the traveling public.

GRAND OPENINGS NEXT SATURDAY

Next Saturday night, May 27, El Verano will be the Mecca of big crowds from everywhere as the El Verano Villa has its twenty-sixth annual opening and the Tavern will also open for the summer on this date.

Louis Lamotte, the pioneer resort proprietor, will give everyone a royal welcome. A fine orchestra and other features will assure the crowds a good time.

The proprietor of the Tavern, Louis Parente, has engaged Harry Prince's orchestra for his opening and promises fine entertainment and good eats at his up-to-date resort.

DAYS OF '49 CELEBRATION AT SACRAMENTO

The stage is set for the big Days of '49 celebration in Sacramento on May 23 to 28. The romance of California will be enacted with an entire city as the setting and 80,000 men, women and children as the players.

The program calls for six days of intensive action. On the morning of May 23, opening the celebration, the founding of Sacramento will be enacted. This feature will be marked by a sham battle on the principal business streets between 2000 Indians and guardsmen. In the afternoon the mining camp will be thrown open. Here the visitor will experience the thrill of being taken back into a tyuical gold rush town. Two hundred structures have been bulit, including features which will be a novelty and a revelat on. Scores of Northern California communities, clubs and associations will have their headquarters in the camp which also includes a great casino, museum, whiskers palace where the two longest beards in the world will be displayed, a man-made mountain, Indian villages, mining exhibits and countless other features.

The afternoon of the opening day will be featured also by the operation of the original Southern Pacific locomotive, No. 1, the first put into service on the Southern Pacific line and one of the first operated on the first transcontinental railroad.

The second day of the celebration will find the $20,000 wild west contest under way at the State fair grounds, with Tom Mix, of movie f me, and his entire company included in the matchless aggregation of riders assembled for the event. The contest will continue every afternoon for the remainder of the celebration. Wednesday will also be Pioneer Day, when tribute will be paid to California's pioneers. The celebration committee has issued a call to all pioneers with the request that they inform the committee by May 20 if they plan to be present.

Thursday will be California Day. Special trains will be run from scores of California communities on this day arrangements being made by the California Development Association. A great parade in which the various communities will participate is scheduled. Two unusual events are programmed for Thursday evening—the Goernor's Ball at the state capitol and Bret Harte Night at the Days of '49 headquarters, with newspaper men as guests of the celebration committee and Sacramento Ad Club.

The outstanding event on Friday will be the Gold Rush Parade in which at least 30,000 persons will participate. Old time vehicles and more than 200 floats typifying the spirit of '49 will make this procession one of the most interesting and original in history.

On Saturday the far-famed Whiskerinos of Sacramento will parade their record crop of beards, mustaches and sideburns before the world. More than 5000 of them will mobilize at the state capitol and swoop down on the mining town.

In planning the details of the celebration sight was not lost of the religious aspect. On Sunday morning an automobile pilgrimage will leave for Coloma, where gold was discovered, and services will be held in the historic church of that community.

BOY SCOUTS TO GIVE DANCE AND ENTERTAINMENT

The Sonoma Valley Boy Scouts are planning a very pleasant way to raise a little fund for their treasury, so as to enable them to go on a camping trip after school is closed.

Under the direction of Professor Capelli of Petaluma, the Boy Scouts are now working hard on a very creditable program, beginning with a concert and followed by a carefully planned entertainment by several members of the Scouts, and by Prof. Capelli and his charming wife, both of whom are very well versed in opera and capable of playing various instruments.

Prof. Capelli is offering his and his wife's services gratis so as to give the Boy Scouts a good start. He states that he has over 100 Boy Scouts who take music lessons from him and he feels that he should help them.

The program will be given at the Sonoma grammar school auditorium, Friday evening, June 2, and will be concluded by a dance.

The Boy Scouts appeal to their friends and all the residents of the valley for their support. Come and give the boys a boost.

HANDLING DRUGS

here is no hap-hazard proceeding. On the contrary we take infinite care to handle them so that it is impossible for mistakes to occur. And the drugs we use are as pure and fresh as we can get them. These two facts mean a drug service that is as it should be. It is the only sort of service you can afford to employ.

Water or no water is now the question that has been put up to the people. Ordinance No. 53 was up for final reading and passed. The election will take place June 14th. There are four sources of water supply which, according to engineers Von Geldern and Grunsky are available and are to be considered if the election carries—the Vallejo spring, the Lawrence well, the Shocken, Weyl and other wells in Sonoma and the Lewis source of supply from Fowler and Lennox creeks.

NO WAR TAX

Effective May 8, 1922, the Excise Tax on United States Tires for passenger cars, both casings and tubes is absorbed by the makers and is not added to the selling price. United States Rubber Co.

To the Purchasers of a 30 x 3½ Usco for $10.90

WHEN the "Usco" Tire announced its new price of $10.90 it carried this understood contract with the buyer—

A price reduction made in good faith—using all the U. S. advanced art of tire making not only to get the price down, but to keep the *quality up.*

* * *

Today $10.90 is not the uncommon price it was last November.

But the "Usco" Tire is still the *uncommon tire value* it always has been.

Because in carrying out the "Usco" price reduction in good faith, we learned something about *raising the quality, too.*
